

Welcome Carol Evans

Education and apprenticeship destinations after key stage 4 and 16 to 18 study

No help articles are available for this page

Below are the destinations of your pupils who were at the end of key stage 4 in 2019/20 or students who reached the end of 16 to 18 study in 2019/20. Only education destinations and apprenticeships are included. Additional employment destinations will be included in the School and College Performance Tables data that we will publish in October 2022 and January 2023; many institutions will then see a higher headline indicator than the education and apprenticeship totals in the summary below.

We provide this information to help you know which of your former students we have recorded as staying in education for two full terms (October to March) or in an apprenticeship for at least six consecutive months.

Please note this is not a checking exercise and we do not require feedback on whether our records match information you may already hold.

A summary of your institution's data is below. There are also links to download a file containing **your pupil level destinations data** and a document explaining how the measures are calculated.

Key stage 4 school summary

Key stage 4 2019/20 leavers – destination measures (activity in the year following key stage 4 completion)

	Number	Percentage
Number of pupils	279	
Pupils staying in education for at least two terms after key stage 4	231	83%
Further education college or other further education provider	119	43%
School sixth form - state funded	18	6%
Sixth-form college - state funded	94	34%
Other education destinations	0	0%
Pupils staying in apprenticeships for at least six months	15	5%
Pupils in education or apprenticeships which were not sustained for two terms	16	6%
Pupils not captured in education or apprenticeships (destination unknown or in employment)	17	6%

If you have any queries about these measures please email Destination.measures@education.gov.uk. Please do not send pupils' personal details in the body of the email. If you need to identify a student please send a password protected Excel file with the student's Unique Personal Identifier (UPN) and send the password separately.

The data provided in this exercise is individual level data obtained from a number of sensitive sources for which schools and colleges have been granted privileged access. This data is provided for the purposes of evaluating an institution's own performance and assessing the outcomes of students. This data is only for the use of staff members charged with those responsibilities and must not be shared more widely with local authority staff, academy management or other colleagues or bodies not directly involved with those responsibilities. Unauthorised sharing of this data is a criminal offence.
