| Group sessions | | 12 | | | |
| Visits to employers, colleges, universities and other agencies | | | | | |
| Parents evenings/events | | | | | |
| Multi-agency meetings with school staff or external | | | | | |
| Consultation activities | | | | | |

Success stories of individual young people or examples where a particular piece of work has been successful

Please give two examples.

- This term has mainly been focused on year 10 students. Following on from year 10 group sessions, an evaluation was completed with all students. The majority of these were very positive. There were 2 students who highlighted problems with understanding all of the information given out in groups. I was able to see these students individually, which gave me the opportunity to discuss their individual needs. This was a successful follow-up to the group sessions.
- Two year 7 students referred themselves for careers appointments. It was useful to be able to promote my role to younger students and to be able to give them an insight into the careers guidance process in school as well as give them information on their current career ideas.

Actions picked up from the previous termly report

- The priorities from last term's report: continue with year 10 1:1s and to complete year 10 group work have been achieved.

Priorities and areas for development for the next term

- To remind year 11 students of my role and the process to access careers advice.
- 1:1 interviews with year 11 students and other referrals, as appropriate.
- To keep up to date with local information – for example, college open days, new courses, new provision etc.
